PROGRAM

12:00-12:45 (EST) Margot Lambert and Lezli Wrixon: A Clinical Case

The presenters will share the journey of a young client who, in the midst of his disruptive life changes, discovered he would also be changing therapists. Two CAST Trainees, with a shared training history, worked across provinces to offer continuity to this young client through Sandplay.

12:45-1:30 Catherine Ellis: The Garden

The Garden and Gardening as symbolic of the Soul and Soul Work will be discussed in this presentation. Images of gardens, individuals' sandpictures and dreams will accompany the exploration of the healing potential of this dynamic metaphor.

1:30-2:30 Christine Bergman: Sandplay Therapy as Trauma Treatment

This presentation will demonstrate how Sandplay Therapy is an effective therapeutic approach to trauma treatment. The primary aspects of trauma treatment will be compared and correlated to the Sandplay Therapy model as taught by Dora Kalff. Case examples will be reviewed.

3:00-5:00 CAST AGM
