SERIES OF INTENSIVE MODULES VIA VIRTUAL TRAINING

We are pleased to announce a unique opportunity to further your Sandplay Therapy training through virtual learning – **available only for the duration of 2023**. Due to the pandemic, the International Society for Sandplay Therapy has approved credit for **all virtual training hours** earned during 2023 (exceeding the current maximum allowable 20 hours).

While virtual learning has its challenges, there are also advantages: no need to travel nor find accommodations, the opportunity to work from the comfort of your personal work-space, and the chance to build your Sandplay skills safely during the current pandemic.

Olga and Maria will share the teaching most suited to the time zone of their locations, such that Olga facilitates the morning program and Maria facilitates the afternoon program.

All handouts and training materials are provided virtually.

The program will use the Zoom meeting platform.

Modules 1 through 7:

- Virtual Training (2 days, 12 hours each + 4 additional hours Module 7 via symbol assignment individual work = 88 hours in total)
- Each Module – Sunday & Monday: 9-12pm and 1:30-4:30pm Eastern Time / or 9:30-12:30 and 2:00-5:00 tbd if participants are joining from the western provinces.

TRAINING PROGRAM

All training seminars have three components: experiential, theoretical, and clinical. Experiential activities are used to teach the theory and principles of Kalfjian sandplay, which are then elaborated in lectures and discussion. Clinical examples from case material, used with permission, illustrate sandplay dynamics in client process and within the therapeutic relationship.

Illustrative sandpictures are used to develop "seeing" skills that include bodily responses, evocation of memories, emotions, prior knowledge, and intuitive sense-making dynamics; and, subsequently, analysis and interpretation of pictures based on rational guidelines, amplification of symbolic material, and meaning for the client. This learning is integrated with an understanding of issues in the clinical practice of sandplay, emphasizing the central role of the therapist.

Throughout the training participants will write about their experience and develop awareness of their dynamic process with sandplay and their professionalism as a sandplay therapist. The program includes, but is not limited to:

• History and development of sandplay

Major influences on Kalfff; elements of sandplay in traditions of healing; therapist as a non-intrusive witness; silence/non-silence; the hands as knowers; observation strategies; cultural considerations.

• Developmental psychology and its relation to sandplay

Emphasis on attachment dynamics, affect regulation and development of the self; developing a capacity for free-flowing play; psychological development as expressed through sandplay.

• First sandpictures

Chaos and order; containment; ordering elements; movement and energy patterns; polarities in the tray; centering; looking for themes; what first pictures can tell us about the process.

• Jungian psychology and sandplay

Relevant terms and dynamics; vertical and horizontal dimensions; inner and outer worlds; relational aspects; relationship of sandplay to other modalities for expression of unconscious material.

• Symbols and symbolic process

The nature and role of archetypes in deep psychological work; personal and cultural associations to symbols.

• The Mother archetype / the feminine and sandplay

Models of Jung, Neumann, and others; characteristics, imagery, and cultural examples.

• The Father archetype / the masculine and sandplay

Models for understanding; personal and archetypal symbolism; cultural influences and attitudes.

• Masculine and feminine

Relationship to Mother and Father archetypes; models of development; neuroscience, attachment and sandplay.

• The Child archetype

Exploration of imagery; different child archetypes: inner child; abandoned child; divine child.

• The Self in sandplay, myth and fairytales

Self as organizing principle of the psyche; manifestations in sandplay, myths, and fairytales.
